

For Vietnam Calls

Plan Ahead for Holiday Calls, Manager Advises

Plan Ahead... that's the word from Pacific Telephone if you're a Torrance resident and wish to telephone a relative or loved one serving in Vietnam. "In most cases it is easier for the serviceman to call home, than to try and reach him in Vietnam," Jim Conn, Pacific's Torrance manager, said.

County Takes Over New Drain

Acceptance of a city of Carson storm drain project for future operation and maintenance by the County Flood Control District was announced today by Supervisor Burton W. Chace.

The action, passed by the Board of Supervisors last Thursday, had been recommended by resolution of the City Council of the city of Carson and the Flood Control District, Chace said.

The Carson storm drain in question is 527 feet in length and is located between Grace and Fries avenues south of 213th Street.

"This drain will be added to the complex of drainage and flood control facilities operated within the city of Carson by the district, Chace said.

phone & Telegraph, has received Federal Communication Commission approval to introduce station-to-station rates to Vietnam. The change went into effect Dec. 1.

Under the change, the rate for the first three minutes of a station call will be \$9, while person-to-person rates will remain at the present \$12. Additional minute charges will be \$3 both person-to-person and station-to-station. Previously, the charge was \$4.

"TRAVEL restrictions and curfews imposed in Saigon in the past have complicated the task of locating servicemen," Conn said.

For this reason, when a call is made to Vietnam, the caller should have the serviceman's unit, his APO number and, if possible, a telephone number where he can be reached.

The speed of handling a call to Vietnam depends on the volume of calls pending at the time and the availability of the serviceman on the Vietnam end. Calls originating in Vietnam are handled on a first-come, first-served basis.

"HOWEVER," Conn added, "when a serviceman does get to a telephone it's usually just a matter of minutes before his call is completed."

Meanwhile, American Tele-

Landscape Work Starts On Freeway

Landscaping of the Harbor-San Diego Freeways interchange for beautification and safety should be accomplished next year, Supervisor Kenneth Hahn said today.

He has been informed by District Highway Engineer H. Ayanian that bids on the project will be called this month.

Funds will come from the state's 1969-70 budget.

Plans are also being prepared for completion of landscaping

on the Harbor Freeway between approximately Anaheim Street and Torrance Boulevard.

TELL THEM ABOUT WELCOME WAGON

If you know of a family who has just arrived in your community, be sure to tell them about Welcome Wagon. They will be delighted with the basket of gifts and helpful information they will receive from our hostesses, a symbol of the community's traditional hospitality. Or you may call

Eller, California State Director for the U.S. Savings Bond Division of the Treasury Department, at special ceremonies during which the company was presented with a Minuteman flag, symbolic of continued dedication to the national space and defensive programs.

Increase Asked in Gas Dates

Southern California Gas Co. has submitted an application to the California Public Utilities Commission for a rate increase to offset higher costs of gas purchased from El Paso Natural Gas Co. and other suppliers, it has been announced by J. D. Brady, Southwest Division manager. Southern California Gas Co. is seeking a total increase of \$12,943,000. Southern Counties Gas Co., an affiliated distribution firm serving other areas of Southern California, also applied for an increase of \$8,250,000.
